BATH VA MEDICAL CENTER TO HOLD WALK-IN FLU SHOT CLINICS

The Bath VA Medical Center (VAMC) will be holding walk-in flu vaccination clinics on February 6 and 7. The clinics will be held in the lobby of the main hospital building, building 76, on the VA campus from 8:00 am to 3:00 pm each day.

Vaccinations are available for eligible Veterans currently enrolled for care at VA. If not enrolled, this is a great opportunity to determine eligibility for care and, if eligible, receive a free flu vaccination. Veterans not currently enrolled should bring their DD214 and 2011 income information.

For more information, please contact your primary care team or VA Public Affairs at 664-4799.
